

Fuel efficiency is as follows: MKZ 2.0 FWD, 22 mpg city and 33 mpg highway; MKZ 3.7, 18 mpg city and 26 mpg highway. The MKZ Hybrid is 45 mpg in both the city and highway cycle.

Inside

The 2013 MKZ has very comfortable seats that mold to your body. The shifter and mechanical parking brake have been replaced with buttons and switches to allow increased storage. Lincoln has gone to extreme lengths with the MKZ's interior design.

The interior features include premium leather bucket front seats, split-folding rear seatback, folding with storage center armrest and rear ventilation ducts.

Power features include digital keypad power door locks, power and heated mirrors, four one-touch power windows and remote window operation.

The instrumentation consists of a

clock, tachometer, trip computer, external temperature display and

low-fuel level warning.

Conveniences include cruise con-
